January 15, 2016

Dear Valued Business Owner:

The City of Norco is pleased to announce its continued partnership with CGI Communications, Inc. to create a series of professionally produced online videos that highlight the unique services and amenities our community offers its residents, visitors, and business owners. The videos showcasing Norco will be displayed on the City's website and used to further our economic development marketing efforts.

In concert with the production of videos for the City of Norco, CGI Communications will be offering video production services to local businesses for a fee, and those videos will be linked to the City videos. Therefore, you may receive a call from a marketing professional from CGI.

Please be advised that you are under no obligation to purchase any products or services. While we can attest that CGI is a reputable organization conducting business in our community, the City maintains a strict policy of never endorsing individual merchants or service providers.

Please do not hesitate to call me at 951-270-5617 or Roger Grody, our Economic Development Consultant, at 951-270-5644 should you have any questions.

Best Regards,

Andy Okoro
City Manager
