Hours: Monday - Thursday 8:00 a.m. to 6:00 p.m. Closed Friday

Will this meter service more than one customer: Yes ◯ No ◯

If Yes, Please Explain

If you are unable to provide your NAICS code, please use this space to describe the business conducted. Be as detailed as possible, listing your primary activity and function:

New Water Service: Application for new water utility service requires a 48-hour advance notice in order to allow sufficient time to obtain a meter reading at the business. Two types of personal identification are required to be presented in person at City Hall to open an account. Your first bill will reflect the new service start-up fee charge of $25

Deposit: A minimum deposit of $200 per commercial account is required. **Deposit amount may vary based on business usage**. Please call the utility Department at (951) 270-5654 to receive your deposit amount. The deposit may be waived by providing written or faxed reference information from a local Southern California water utility reflecting an excellent payment history for twelve months. Any water deposits may be refunded at the customer's request after having made timely payments for one year.

If manure services are being requested, an additional deposit equal to the monthly cost of the services will need to be paid prior to bin delivery.

I hereby apply to the City of Norco for water, sewer, trash and/or manure service in accordance with all ordinances, regulations and rate schedules now or hereafter in effect. I agree to be individually liable for all charges accruing for this service without notice or demand. I hereby waive any claim against the City arising out of interruption of service for any reason, with or without notice.
